

We need your input!

Please help us evaluate the revitalization needs and opportunities for **Staples Street** between Six Points and Interstate 37 and **Leopard Street** between Upper Broadway and the Crosstown Expressway (SH 286). You can use the QR code or the link below to take the survey. We appreciate your contribution to this project!

The Uptown Corridors Revitalization Strategy is a **City Planning and Economic Development** initiative. The Mayor's Office and Planning Department are leading this initiative to work closely with area businesses, property owners, and residents to develop a strategy for **revitalization** that will guide future public and private development. The plan will help **reimagine** these corridors with **improvements**, such as landscaping, streetscape amenities, and urban design considerations, creating an **attractive** and **coordinated sense of place**.

For more information and updates, please check the project website: www.cctexas.com/uptown
