Construction Updates

Phase 5 Traffic Switch Completed This Week

This week Phase 5 (Southbound lanes from Corona Drive to South Padre Island Drive) traffic control plan was implemented. The roadway milling from Corona Drive to SPID was completed this week and the 36" waterline and curb inlet installation was continued in the same area. Next week the 36" waterline, curb inlet and storm infrastructure installation will continue from Corona Drive to SPID.

Current Closures & Traffic Detours

- Northbound and southbound traffic will be shifted to the northbound lanes (East side of Everhart), from SPID to Curtis Clark Drive.
- Traffic will be reduced to one-lane in each direction.
- Both eastbound and westbound access to Corona Drive will be closed at Everhart Road.
- Traffic access to/from Corona Drive and Williams Drive will be detoured using Holly Road.

Safety is a top priority, so motorists and pedestrians are reminded to be aware of the work zone, follow all traffic control devices, and use alternate routes to avoid delays.

All work is weather permitting.
